PROJECTS

National Park Search App

- Developed a user-friendly web application allowing users to search for National Parks by U.S. State and access park accommodations
- Leveraged JavaScript to enhance the user interface and provide seamless interactions

Writer Outlining App

- Created an innovative outlining tool using React, catering to screenwriters' needs by enabling scene planning
- Improved user workflow by implementing a dynamic interface for adding and managing scenes

For the Faint of Heart

- Authored a 70,000-word novel in 2022, demonstrating commitment, discipline, and storytelling skills
- Explored themes of personal growth and artistic expression, showcasing creativity and dedication

EXPERIENCE

Hope Glowacki Freelance

May 2023 - Present

Web Developer

- Collaborating with a UX Designer to transform client visions into visually compelling and responsive websites
- Implementing modern web technologies, ensuring seamless user experiences and optimal performance

Muse Entertainment USA, Los Angeles, CA

Jan 2022 - May 2022

Development Intern

- Analyzed the market viability, themes, and structure of high-potential book and screenplay submissions, summarizing the unique hook/selling points for each to expedite Executive Team decision-making
- Conducted research on potential projects, assessing writers, directors, and IP based on industry trends and compatibility
- Effectively communicated executive feedback to writers, facilitating improvement and collaboration

Tufts University Film and Media Department, Medford, MA

Sep 2019 - Dec 2019

Teaching Assistant for Production I
